

ACCESS 2021

with MassHire GNB Workforce Board, Career Center
and One South Coast Chamber of Commerce

THE HISTORY OF POWER & MONEY

See it on channel 95 & on YouTube

JULY 2021

Its Impact on Today's Jobs & Careers

New Bedford has a rich history in whaling and manufacturing but how can that help us with the skills needed with manufacturing in green\blue economies, global logistics, public sector analysis, international online retail, virtual health-care and the technological engineering skills required to take part in the big wind developments facing us? Join the conversation online COMING SOON.

THE HISTORY & POWER OF MONEY

Meet the Young Graduates of Eworkstyle Institute's **ACCESS** Community Fellows Program

Ariadna Sofia Contreras-Roig:
*ACCESS Thesis,
Emotional Intelligence*

Jessica Melbourne:
*ACCESS Thesis,
Influencers & Innovators*

Tylor Felix:
*ACCESS Thesis,
Blue & Green Economies*

These young, creative and bold minds are this year's graduates and proof that the future of work will be innovative, exciting and profoundly different. 2021 ACCESS Fellows are sharing what they see emerging in jobs and careers, and are harnessing the opinions from our expert community of advisors. We invite you to view their year-long research position papers and listen to this vigorous discussion filled with insight from some of our most powerful community advocates as they talk across industries about changing the course—and face of—Power & Money.

James Daniels, Ed.D.:
*System Director
MassHire Greater New
Bedford Career Center*

City Councilor Joseph P. Lopes:
*Deputy Executive Director
MassHire Greater New Bedford
Workforce Board*

City Councilor Ian Abreu:
*Director of Business Development
& Small Business Engagement
One SouthCoast Chamber*
